

# MonsterWeb Affiliates Program

Through the MonsterWeb Affiliates Program you receive a flat fee for every referral that comes from your site. This email contains all of the information on how it works and what you need to do to get started. If you have any questions please feel free to contact our Support Team by clicking on the link below:

## How It Works

When a web user visits your site and clicks on your sign up banner or link, a special Affiliate Code is passed along to the MonsterWeb Ordering System which will create a cookie on the user's computer. This cookie is stored for a minimum of 24hrs or until the user deletes their cookies. This special cookie will be used in the last stages of the order process to accredit the sale to your Affiliate Account. No two Affiliate Codes are identical and each one is automatically added to your Referral Queue upon successful ordering and processing. Once a month a MonsterWeb Accounting Representative will issue a check to the provided Affiliate billing address for all referrals accumulated during that month.

## The Flat Fee

The flat fee that MonsterWeb pays for all Affiliates is \$100 per referral.

## How To Integrate

To integrate the MonsterWeb Affiliate Code on to your site you must create a banner or link that points to the MonsterWeb Ordering System. Your code must be passed along in the URL in a special format. An example Affiliate Code URL is:

<https://monsterweb.net/order.php?code=01234567891234567890>

There are three methods in which a user can sign up and be accredited to your Affiliate account. Option One is the MonsterWeb preferred method.

1. User orders using the MonsterWeb Ordering System by clicking through the Affiliate Code URL.
2. User orders using the MonsterWeb Ordering System and manually inputs the Affiliate Code at the appropriate time.
3. User orders by contacting a MonsterWeb Sales Representative and provides the Sale Representative with the Affiliate Code.

## Exceptions To Redemption

All referrals are subject to Coupon Redemption and can not be mixed with any other Promotion or Program. In the event that two Redemptions are requested for the same order than the Redemption of greatest value is used. In the event that both Redemptions are of equal value than

the Redemption that passes along the savings to the end user is used.

All referrals are one time and are on a per Client basis.
